

# A Comparison of Wireless Device Emissions to Scientific Research

<b>Radiation Exposure</b>		<b>Researcher</b>	<b>Year</b>	<b>Country</b>
10,000,000,000	FCC Exposure Guidelines, 30 min public exposure, based solely on thermal effects	FCC	1986	
<b>Government Regulations Claim That These Levels are Safe</b>	500,000,000			
	60,000,000			
	50,000,000	Phillips	1998	U.S.
	50,000,000			
	40,000,000	Dumansky	1974	Russia
	40,000,000	Chiang	1989	China
	40,000,000	Tattersall	2001	U.K.
	30,000,000	Magras	1997	Greece
	22,000,000	Khalid	2011	U.K.
	20,000,000	Kesari	2008	India
<b>However Many Effects Are Reported By Peer-Reviewed Research At Much Lower Levels</b>	13,000,000	Dolk	1997	U.K.
	12,500,000	Pyrpasopoulou	2004	Greece
	10,000,000	Simonenko	1998	Russia
	10,000,000	Novoselova	1999	Russia
	8,000,000	Akoev	2002	Russia
	6,000,000	Dutta	1986	U.S.
	5,000,000	Tell	2013	U.S.
	5,000,000	Avendano	2010	Argentina
	3,500,000	Salford	2003	Sweden
	3,000,000	Vorobyov	2010	U.K.
	2,200,000	Balmori	2009	Spain
	2,000,000	Hocking	2000	Australia
	2,000,000	Hocking	1996	Australia
	1,700,000	Magras	1997	Greece
	1,600,000	Kolodynski	1996	Latvia
	1,500,000	Nittby	2007	Sweden
	1,300,000	Zwamborn	2003	Netherlands
	1,000,000			
	700,000	Otitoloju	2010	Nigeria
	638,000	Papageorgiou	2011	Greece
<b>However Many Effects Are Reported By Peer-Reviewed Research At Much Lower Levels</b>	500,000			
	500,000			
	500,000	Khurana	2010	Australia
	500,000	Wolf	2004	Israel
	400,000			
	300,000	Rassoul et al.	2000	Egypt
	100,000	Navakatikan	1994	Romania
	100,000	Oberfeld	2008	Austria
	100,000	Navarro	2003	Spain
	100,000	Hutter	2006	Austria
	50,000	Kundi	2009	Austria
	50,000	Mohler	2010	Switzerland
	30,000	Thomas	2010	Germany
	30,000	Heinrich	2010	Germany
	20,000	Altpeter	1995	Switzerland
<b>However Many Effects Are Reported By Peer-Reviewed Research At Much Lower Levels</b>	6,000	Oberfeld	2004	Austria
	5,000	Velizarov	1999	Bulgaria
	3,000	Behari	2006	India
	1	*** Low Radiation Natural Environments ***		

There are now more than 5,000 peer-reviewed studies from around the world that show wireless radiation is not safe for children. [www.wifiinschools.com](http://www.wifiinschools.com)
